Summary of Change: The change restores AJW-0 Signature for Non NAS ISPD sections 5, 6, and 10

Reason for Change: The change is a response to AEB approval to restore AJW-0 signature for Non NAS ISPD sections 5,6, and 10. It was agreed that AJW should continue to fulfill an agency oversight responsibility for these sections for all investment programs not just NAS. The AJW signature ensures continuity of oversight for the Non NAS ISPDs; corresponds to AJW's JRC Logistics Stakeholder role that includes reviewing the ISPD planning and strategy. The AIT signature authority for these sections was recently included, and should remain to promote and ensure a mature process for Non NAS ISPD oversight.

Development, Review, and Concurrence: The AEB approved the action at an AEB Meeting held July 30, 2015. AAP-100

Target Audience: Non NAS Investment programs proceeding through the JRC Readiness Process.
